(2) The date the requirement was first identified;

(3) The consequences of missing the required delivery date;

(4) The definitization schedule for the contract modification;

(5) An explanation for any deviation from the definitization schedule;

(6) The percentage of contract modification work completed by the contractor prior to definitization;

(7) If a not-to-exceed price was not established, an explanation why it was considered impracticable. A not-to-exceed price should be agreed upon whenever practicable.
